

15 Minutes of Fun

Take 15 minutes a day to learn with your family.

It's learning time

Make a giant clock together, using things you find around your home. A broomstick makes a great hour hand.

Measure your home

Guess the distance between two items in your home and then measure to see if you're right. Best guess wins!

Learning on-a-line

Create shapes with one long piece of string, see how many different numbers and letters you can make.

Read a story

Read aloud to one of your family members, pet or favourite toy.

Activity: Using your own rhyming words, or the words suggested below, write a funny poem.

There once was a bee in a _____,
 who was really good friends with a _____,
 they sang about _____,
 and thought about _____,
 and taught each other to _____!

wig	boat	mop	bug	fit
pig	coat	pop	hug	knit
twig	note	crop	mug	bit
fig	goat	hop	plug	split
dig	vote	flop	rug	skit
jig	float	shop	snug	pit

Learning can happen at any time. Find out more at FamilyLiteracyDay.ca
